Professional Summary

Web Developer with 5+ years of experience building secure, scalable, and high-performance PHP applications. Specialized in Laravel and Symfony frameworks with strong expertise in RESTful APIs, PostgreSQL, and MySQL. Proven experience delivering affiliate marketing systems, payment automation platforms, and large-scale data processing pipelines. Skilled in Docker, CI/CD pipelines, and cloud deployments. Strong problem-solver with production-level ownership.

Core Skills

- Backend Development:** PHP 7/8, Core PHP, Laravel, Symfony, CodeIgniter, MVC Architecture, Scalable Backend Systems, High-Performance Applications
- API Development & Integration:** RESTful APIs, SOAP APIs, OAuth2, JWT Authentication, Payment Gateway Integration (PayPal, Razorpay), Third-Party API Integration, API Security and Validation
- Databases & Data Management:** PostgreSQL, MySQL, Database Design, Query Optimization, Indexing, Performance Tuning, Data Migration, Schema Management
- DevOps & Cloud:** Docker, Azure DevOps, GitLab CI/CD, NGINX, Apache, Linux Server Environment, Cron Jobs, Background Jobs, GCP (Google Cloud Platform)
- Frontend Integration:** HTML5, CSS3, JavaScript, jQuery, Bootstrap, Tailwind CSS (Basic), ReactJS (Basic Integration)
- Security & Optimization:** SQL Injection Prevention, CSRF/XSS Protection, Secure Authentication and Authorization, Data Encryption, Code Optimization
- Testing & Tools:** PHPUnit, Manual Testing, Postman (API Testing), Swagger / OpenAPI Documentation, Git, GitHub, GitLab, Bitbucket, Linux Shell Scripting (Bash)

Professional Experience

Delupe A/S — Dubai, UAE

Software Developer

Mar 2025 – Present

- Designed and optimized backend services for a high-volume affiliate marketing platform.
- Built scalable Symfony-based APIs handling large product feeds and partner integrations.
- Optimized PostgreSQL performance using indexing, partitioning, and query tuning.
- Implemented automation pipelines for data imports, reporting, and commission calculations.
- Deployed features using Azure DevOps CI/CD with zero-downtime releases.

MacAppStudio Pvt Ltd — Chennai, India

Backend Developer

Jan 2023 – Nov 2024

- Developed backend services using Java Spring Boot and PHP for enterprise applications.
- Built secure REST APIs with authentication, authorization, and role-based access.
- Managed PostgreSQL databases, data migrations, and performance tuning.
- Integrated frontend and mobile applications with backend APIs.

Pearlcon Tech Pvt Ltd — Chennai, India*Frontend & Backend Developer*

Nov 2021 – Oct 2022

- Developed full-stack web applications using Laravel and MySQL.
- Implemented payment automation systems and third-party API integrations.

Daypay Technologies Pvt Ltd — Nagercoil, India*Frontend & Backend Developer*

Nov 2019 – Dec 2021

- Developed healthcare and e-commerce platforms using Core PHP and OpenCart.
- Built appointment systems, invoicing modules, and admin dashboards.

Key Projects

Affiliate Marketing Platform — Delupe A/S*PHP, Symfony, PostgreSQL, Docker, REST APIs*

- Built and optimized backend services for high-volume affiliate marketing operations.
- Improved PostgreSQL performance and automated large-scale data processing.
- Integrated partner APIs and deployed features via CI/CD pipelines.

JioSnap — Event Management Application*Java Spring Boot, PostgreSQL, ReactJS*

- Developed backend APIs for QR-based event creation and guest management.
- Ensured secure data handling and database performance.

TiE Catalyst — Android Support Platform*Laravel, MySQL, HTML, CSS, JavaScript*

- Developed full-stack web application with REST API integration.
- Handled backend updates, database integration, and performance optimization.

Aussiebum — E-commerce Platform*Laravel, MySQL*

- Developed backend modules and integrated third-party APIs.

TNQ — Payment Automation System*Laravel, PHP, MySQL*

- Built automated invoicing and payment approval workflows.

Digital Health OutPost (DHO) & Buytiq*Core PHP, MySQL, OpenCart*

- Developed backend features for healthcare services and e-commerce platforms.

Education

B.Sc. Computer Science*Manonmaniam Sundaranar University, Tamil Nadu, India*

Certifications

- Java – Mastering the Fundamentals
- Spring Boot – Certified Course for Essential Skills
